

**First collaborative research symposium on infectious diseases
among NIID, China CDC and Korea CDC
– One health symposium on SFTS –**

Date and Time: 12:30-17:00, December 4th, 2018

Place: Sunshine City Conference Room (Room6,7,8,9) in Tokyo

Language: English (Simultaneous English-Japanese translation)

Joint hosting:

National Institute of Infectious Diseases (NIID)

Chinese Center for Disease Control and Prevention (China CDC)

Korea Centers for Disease Control and prevention (KCDC)

Partnership:

Japan Agency for Medical Research and Development

Japan Medical Association

Japan Veterinary Medical Association

Agenda (basically, each presentation for 15 minutes, Q&A for 5 minutes)

Opening Remark 12:30-13:00

Dr. Takaji WAKITA, Director-General, NIID

Prof. Xiaonong ZHOU, Director of National Institute of Parasitic Diseases, China CDC

Dr. Eun-kyeong JEONG, Vice-Minister, KCDC

Mr. Tatsuhiro ISOgai, Director, Planning and Management of collecting information on infectious Diseases, the Ministry of Health, Labour, and Welfare

Session 1: Epidemiology of SFTS (Surveillance and Molecular analysis)

Moderator: Dr. Kazunori Oishi, Director for Infectious Disease Surveillance Center

13:00-13:20: Epidemiological and Clinical Features of SFTS in Japan

Dr. Hirofumi KATO, NIID

13:20-13:40: Epidemiological analysis and molecular evolution of SFTS virus infection in China

Dr. Mifang LIANG, China CDC

13:40-14:00: Epidemiology of SFTS and surveillance of ixodid ticks as SFTS vectors in South Korea

Dr. Choong Won SEO, KCDC

Dr. Jong Yul ROH, KCDC

14:00-14:10 Discussion

Session 2: SFTS and animals

**Moderator: Dr. Mifang LIANG, Head of Laboratory of Viral Hemorrhagic Fever (VHF),
National Institute for Viral Disease Control and Prevention, China CDC**

14:10-14:30: SFTS virus infection in animals and ticks, in China

Dr. Jiandong LI, China CDC

14:30-14:50: The Status of SFTSV infection in livestock in Korea

Dr. Jun-Gu CHOI, Korea Animal and Plant Quarantine Agency

14:50-15:10: SFTS in companion animals

Dr. Ken MAEDA, Yamaguchi University

15:10-15:20 Discussion

Break Time 15:20-15:30

Session 3: Diagnosis and Prevention of, and Clinical research on SFTS

**Moderator: Dr. Seong Won-Keun, Director General,
Center for Laboratory control of Infectious Diseases, KCDC**

15:30-15:50: Molecular Epidemiological analysis of SFTS in Korea

Dr. Wooyoung CHOI, KCDC

15:50-16:10: Pathology of and development of antiviral therapy with favipiravir for severe fever
with thrombocytopenia syndrome

Dr. Masayuki SAIJO, NIID

16:10-16:30: Human to Human Transmission and the Laboratory Detection of SFTS Virus

Dr. Mifang LIANG, China CDC

16:30-16:40 Discussion

Closing Remark 16:30-17:00 From NIID, Korea CDC, China CDC

Prof. Xiaonong ZHOU, Director of National Institute of Parasitic Diseases, China CDC

Dr. Won-Keun SEONG, Director General, Center for Laboratory control of Infectious Diseases,
KCDC

Dr. Takaji WAKITA, Director-General, NIID
